THE ANNEXATION OF IDAHO.

The Eureka Sentinel says the people of Idaho are anxious to avail themselves of the advantages of a State Government. This is not to be wondered at. It is the rule with the inhabitants of all the Territories in this country. The American people do not take kindly to the appointive system; they want a vote and a voice in the selection of the officers who are to govern them.

Idaho has no doubt felt that her chances of rising to the dignity of Statehood are not the brightest in the world, in view of her sparse population and limited resources, the latter being unequal to the support of a large, permanent population, such as every sovereign State should possess. Not that she has not many valuable resources in the nature of mineral wealth, but these are lacking in the element of permanency so necessary, in the mind of the prudent legislator, to the founding of a State of equal power and importance with the rest of the great family of States. The example afforded in the admission of Nevada will always operate to keep out any other Territory, whose future is based mainly on the bullion which its mines are capable of producing, until it can make such a showing in permanent homes and fixed inhabitants as will put possible contingencies entirely out of the question. Idaho, standing alone, can hardly hope for admission into the Union for many, many years to come. Realizing this fact some of her leading citizens are agitating the feasibility of dismembering the Territory altogether by annexation to some one of the surrounding States or Territories. There seems to be a crowd of them willing to "catch on" in any direction, so they get on. For a time they seemed desirous of banking with Nevada, but now we are told that at a recent council of war, they determined to make an effort to slide in with Montana. This idea is not without transfer of affection from a fully-equipped State to an ambitious Territory with mere aspirations for Statehood—looks bad for the whole annexation scheme. With too many plans none succeed usually.

We would like to see one great mining State in the great American basin, and to that end we have been willing to swallow up as many of our neighbors as could be induced to come in. The region in which these political communities exist can never support a dense population, like most of the older States of the Union. Our interests are practically identical, and the same local laws would be applicable and acceptable to all. There is no valid reason to be assigned why we should not construct a State here that would eclipse Texas in territorial area. It is the thing that should be done, whether it is ever accomplished or not. But we do not look for anything of the kind in the immediate future. Senator Stewart may possibly succeed in passing through the Senate his proposed bill, annexing Southern Idaho to Nevada, but that is as far as the measure will get. It will require a good deal of hard lifting to work it through the House.

The San Francisco Chronicle in speaking of the school system in California says: Oregon, Nevada and Washington are following in our footsteps. They have, like California, adopted the common-school system in its entirety, and year by year are increasing the value and efficiency of their schools and colleges. They, like ourselves, realize the fact that we have outgrown the primitive days when an education, like a white shirt or polished boots, was rather derogatory to a man—as smacking of the ornamental rather than the useful, and as unfitted for rough every day life. We have all learned that education of the right kind does not unfit a man for work, but rather aids him to toil understandingly. We have all come to believe that the salvation of the country lies in the increased intelligence and training of the people of the country, and that every educational institution which is rightly begun and properly carried on is a distinct gain to the nation and an additional pledge of future happiness and prosperity.

The evidence before the Coroner's inquest into the killing of George Piccoli, at Bullion, Elko county, showed that George Lewis, his slayer, after firing the fatal shot left the building for some minutes, and, returning, fired two more shots into the dead or dying man.

MISTAKEN IDENTITY.

An Innocent Man Now Confined at San Quentin.

SEATTLE, (W. T.), September 6.—A remarkable chapter in the annals of crime was developed during the trial of "Kid" White yesterday in the District Court in this city. About five months ago James Smith, whose true name is Blackabee, and who will herein be so designated, and Charles White, who has well-to-do relatives in or near Stockton, Cal., met in Stockton and formed an acquaintance which bore fruit only in Seattle. Blackabee, while he was in California had a "pal" named Martin. They assaulted and robbed a man named Kaiser, or Saunders, near Stockton, and so cruelly beat him that he is now crazy from his injuries, and it is said will soon die. Martin was captured, tried, convicted and is now serving a seven-years' sentence in the penitentiary.

Blackabee fled into Oregon and from there to Seattle. The officers in pursuit of him were familiar with his appearance, and they ran across a gambler named McDonald, who so resembled Blackabee that they arrested him as being Blackabee, charged him with Blackabee's crime and convicted him in Stockton. The officers, who have now located the real Blackabee, say positively that the latter contributed a large sum of money in order that the innocent McDonald should be defeated in his efforts to prove an alibi. He succeeded, as already stated, and the innocent McDonald is now serving a sentence in the California Penitentiary.

When Blackabee came to Seattle, he met White, who had also come here from California, and Joseph Dunn fell in with them, and after burglarizing the store of Lewman & Hanford delivered the booty to Blackabee and White. Dunn has already been convicted and White and Blackabee were jointly charged with receiving stolen property. Blackabee turned State's evidence and charges of receiving stolen goods and also of conducting a swindling game were withdrawn and he was discharged as to them.

Chief of Police Murphy has been directed to take him to Stockton, Cal., at the conclusion of his present trial, so that justice may be done to the man McDonald, now being punished for a crime he never committed. The strain on Blackabee's mind is terrible. He is so conscience-stricken that during Monday night last he was aroused the inmates of the jail by leaping from his bed and shrieking "Murder!" and "Fire!" under the hallucination that a mob was trying to get him. Yesterday morning he offered two different persons \$100 if they would protect him from being mobbed. The officers of the jail say he is almost mad with remorse and his sleep broken by horrible dreams, from which he awakes with shrieks of agony and despair.

INDIANS AROUSED.

Fears of an Outbreak in the Northwest Territory.

BUTTE, (M. T.), September 6.—A special to the Miner from Calgary, N. W. T., says: Trouble is feared among the Blackfoot Indians. About ten days ago an Indian was shot by a white soldier for some trifling cause and seriously hurt. His tribe were much incensed, and at one time it was thought they would attack the assailant. After a few days the wounded Indian died, and the news was sent through all the tribes.

Simultaneously another Indian named Deerfoot escaped from jail here and reached the reservation. The police demanded his return, but the young braves refused to divulge his hiding place; consequently to-morrow two large detachments of mounted police under Colonel Herchmer will proceed to the reservation from here and Fort McLeod and effect Deerfoot's capture. Another force has been detached from Regina as a reserve.

With the present excited state of feeling among the Indians, serious trouble is feared, and residents of Calgary feel most lively alarm. The Blackfeet are the most powerful Indians in the Northwest, and would be a terrible foe if they went on the warpath. There is also no doubt that if they break out, other tribes—notably the Crees—will follow them on the warpath.

The Grand Army Reunion.

OMAHA, September 6.—Fifteen thousand veterans are occupying tents at the Grand Army reunion. Speeches were made to-day by Commander-in-Chief Fairchild, Senator M. Anderson and Governor Thayer. A number of pictures of President Cleveland are displayed and cause considerable feeling among partisans.

Two young electricians, of Munich, named Western and Helldobler, have invented a sort of telephone, which fixes the spoken word on a chemically prepared sheet of paper.

A large number of prospectors are operating in Churchill county in addition to the regularly employed miners.

THE CONDEMNED ANARCHISTS.

Their Attorney Gives Them Hope—The Guard Increased.

CHICAGO, September 7.—Captain Black, one of the attorneys for the anarchists, had a long talk with his clients at the jail yesterday. He assured Spies, Parsons et al, that there would be no opinion rendered in their cases for at least two or three weeks. He thought their enemies desired to see it earlier. The opinion would be favorable to the anarchists, and would grant them a new trial. Taking the worst view of it Captain Black insisted that none of them would ever be hanged. Notwithstanding Captain Black's hopeful views in regard to the outcome of the anarchists' case, the Sheriff and the State authorities seem to take a different view, for every precaution is being taken to prevent any one from visiting the jail who is not called there on business. An extra force of bailiffs and officers do duty at night, and a number are kept as a reserve force in the Grand Jury room of the Criminal Court building for duty in case of an emergency.

IMPROVING.—The Susanville Mail remarks:

Settlers along the line of the proposed railroad are making preparations to greatly improve their places. Nicholas Clark intends, in case he succeeds in having a station established at his place, to beautify his grounds, erect fountains, plant trees on both sides of the highway for a long distance, remodel his house, and turn it into a fine hotel. He will also spend considerable money on the road leading over the mountains from his place into Indian valley, and make of it the best and shortest route from Greenville to reach Reno. James Doyle is also contemplating extensive improvements; also James McDermott. This railroad will increase the taxable property of Lassen county greatly. J. D. Byers has given the company a piece of ground of several acres in Buntingville, whereon to erect depots, etc., also the use of the old hotel building there. How anxiously our people are looking for a railroad! They are almost a unit for the road. There are, of course, a few kickers, but they will all finally kick into the traces. Mr. Spencer, so we have heard, has succeeded in settling with Mr. Miller, of Long Valley, for \$500, and the people rejoice greatly thereat. A few more will have to be "gold plated" and all will be plain sailing. In the meantime the grading is going right along. The only objection we have to the company is, they are too all-fired slow. Whooop! up. Nine chances to one, work on the line can be continued all Winter. Old settlers predict a mild Winter.

THE STATE FAIR.—The Carson Index-Union says:

The very best thing for the people of Ormsby county to do in order to make a success of the District Fair, is to unite cordially in doing whatever they can for the success of the State Fair at Reno. It will be found wonderfully helpful to our local efforts to prove to the exhibitors at the State Fair, that the Ormsby people are appreciative and energetic participants in whatever is going on for the welfare of the people generally, as well as for their own local benefit. It will induce the owners of horses to bring them here for a fine speed programme, and exhibitors of articles and inventions of general utility will not be slow in visiting our community.

What is wanted is a large concourse of people and a generous display of articles that are appropriate to such an occasion.

Let a fine list of displays and a generous patronage go from Ormsby county to Reno. The effort will return to us two-fold.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. Attorney-General Marshall's Reply to Hon. T. E. Jones:

OFFICE OF THE ATTORNEY-GENERAL OF THE STATE OF CALIFORNIA, SAN FRANCISCO, March 18, 1884.

Hon. T. E. JONES—My Dear Sir: I have just received your letter of the 15th. Dr. McLennan has wonderful power; God knows what it is. But he was of great and singular service to me. I would certainly try him if I were in your place. He has worked some wonderful cures within my knowledge. Respectfully,
E. C. MARSHALL.

Charles Crocker, the railroad millionaire, cured of rheumatism in three treatments.

Professor D. Gonzalez, San Francisco, was given up by his physicians to die of Sapped Vitality and Paralysis; was carried perfectly helpless to Dr. McLennan and cured; now says: "In less than one month I was enabled to resume my occupation as professor of music and violinist at the Tivoli Opera House, and ever since (for over three years) have continued in good health, without the slightest return of my weakness or disease."

Dr. Henry Slade says: "My case was considered incurable by the best physicians, but Dr. McLennan restored me the use of my limbs in less than twenty minutes, being paralyzed for over four months."

Dr. J. Wilbur, M. D., M. R. C. S., now at Abbotston House, says: "My hearing is completely restored by Dr. McLennan's manipulation alone."

Rev. A. C. Giles, Mendocino, Cal., says: "The effect which your treatment had on me is truly wonderful. Altogether I feel like a new man."

Dr. C. E. Davis, St. Helena, Cal., cured of nervous prostration, says: "After four days' treatment I was entirely relieved. I have now a good appetite and feel well."

Mr. O. W. Kennedy, Cloverdale, proprietor of the stage route to the Geysers, daughter cured of spasms by Dr. McLennan, after the doctors had pronounced her case incurable.

Mr. J. S. Burlingame left Eureka, Nev., on a stretcher. After taking a few treatments of Dr. McLennan he returned a well man.

TOWN BOYS.—"I think the boys in Gold Hill can discount the world for malicious mischief," remarked officer Dan Sheehan yesterday. "Their latest criminal act is the unscrewing of the nuts which hold the bolts in place in the trestle across Crown Point Ravine, over which the V. & T. railroad passes. The young miscreants remove the heavy nuts and washers, which they dispose of to junk dealers. How they manage to unscrew the nuts is a mystery, for they have been removed from some parts of the trestle that would seem inaccessible to any living thing but a fly." Unless the railroad company appoints a night watchman to patrol the trestle, the young thieves are liable to cause a terrible accident to trains crossing there, by removing some of the important ironwork required to hold the timbers in place. So says the Chronicle.

TWO WONDERFUL NEVADA GIRLS.—Mr. and Mrs. Charles Kemler, of Paradise, and their daughters, Miss Annie and Miss Johanna, have gone to California. The young ladies will participate in the equestrienne tournament at the Nevada County Fair and the California State Fair, at both of which they will be great attractions. They are unequalled on the Pacific Coast for their daring feats on horseback, and—leaving out circus-trained female riders—are the equestrian queens of America. Even women of the circus ring would fear to follow these girls on field and plain. Their feats in California last year astonished all beholders. Talk about your hunting queens of England and young Amazons of Africa—these two Nevada girls are female centaurs. So says the Enterprise.

THE CAMP MEETING.—Many interesting subjects are discussed by the speakers at the camp ground of the Seventh Day Adventists, and our citizens will do well to pay them an occasional visit. The subject this evening will be, "Spiritualism; its rise and progress; materialization no farce; inexplicable phenomena; its new and curious phase." The subject for Sunday evening will be, "The Eastern problem, or the present political aspect of Europe; the seizure of Constantinople the long cherished design of Russia; the sacred city between the seas; the rallying point of the Ottoman; the extinction of the Turk and the storm of wrath, considered in the light of prophecy." Services commence at 7:30 p. m. All are invited.

A NOTABLE WEDDING.—Harry Gillig, son of John Gillig, of Virginia City, was last Sunday married to Mrs. Porter Ashe, of whom and of whose doings so much has been said in the last year or two. The wedding took place in San Francisco, and was quite private. Harry Gillig is a Comstock boy, and Mrs. Ashe was also well-known to many of our people; indeed, through her divorce troubles baby troubles and other trials and tribulations, she is pretty well known to all in the State. The marriage will be a surprise to the Comstock acquaintances of the parties, as doubtless it was to our fellow townsman John Gillig and his wife. So says the Enterprise.

A SHERIFF OUTWITTED.—On August 30th Sheriff Mulvenon and posse, of Yavapai county, appeared in Pleasant Valley, Arizona, with a pocket full of warrants for the arrest of the Blevens gang of desperadoes, and in order to cover their movements tied their horses in the brush and depended upon "shanks' mare" for temporary locomotion. After scouring the country for some time without results the party returned to where they had tied the animals to find themselves afoot, the horses having been spirited away during their absence by persons evidently on the track of the Sheriff and posse.

MARRIED AT LAST.—A California twain who had sometime ago exchanged feelings of love, but were not smiled upon by those who could have made life bright for them. They made up their minds that nothing should stand between them and quietly left home for the Sagebrush State. The young lady being under age a guardian was appointed and the couple were married last night.

TWO INDICTMENTS FOR MURDER.—The Silver State says the Elko Grand Jury, which was in session this week, found two indictments for murder—one against George Griffith for killing Kappeler, at Carlin, and the other against G. W. Lewis, for killing Piccoli, at Bullion. The independent says both defendants pleaded not guilty, and both cases were set for trial on the 26th instant.

DESPERATE CHARACTERS ARRESTED.—Three desperate characters were arrested at Truckee Wednesday evening for robbing the apartments of Hamlet Davis. A full suit of clothes was found hidden under a rock near the roundhouse belonging to Davis. In making the arrests the officers had to call on citizens for help, as the desperadoes drew pistols.

RICH ORE.—Phil Skewes leased the Tallulah mine at Dun Glen for a month, in which time he and his partner extracted 600 pounds of first-class ore, which netted them \$2 75 per pound. The Tallulah is owned by a company, which has done nothing on the lead for years save to work the annual assessment. So says the Silver State.

AMONG THE THINGS THAT WERE.—Honey Lake has skipped; the place that knew it well, will now know it no more forever, except from the intolerable alkali stench that rises from the place where once its waters lay as calm and serene as a maiden of 16 or thereabouts. The drying up of the lake, leaves uncovered a stretch of country 12 by 25 miles, but whether it will ever become valuable for farming purposes is considered doubtful. At present the lake bed is covered with alkali from the sixteenth part of an inch to four inches in thickness, and a thick growth of salt grass is springing up away out from what was once the shore. There are those who are of the opinion that Honey Lake will never again fill up. So much water from Susan river is used for irrigation that very little ever reaches the lake, and the water from Long Valley creek is all taken out. Bereft of these supplies, Honey Lake will hardly ever be able to show up again, at least, this is the idea entertained by settlers along its shores. So says the Lassen Mail.

TAKEN PRISONER.—Phillip Sheridan, a young man of Forest Hill, Placer county, arrived at Grass Valley Wednesday evening, and he tells that he left home Monday afternoon for that place on horseback. At Yankee Jim's at dark, he was stopped by three masked highwaymen and taken into the bushes and searched and his pistol taken from him. One of the robbers rode away on Sheridan's horse and was gone three hours and returned. Sheridan was taken off into a deep canyon and kept until 3 o'clock this morning, and then told to climb the hill, and he did. He got to Wisconsin Flat and there procured another horse and came on. Sheridan has friends and his story is believed. The robbers did not take a fine watch Sheridan wore. He knew none of the robbers, although he talked with them several hours.

THE RICH MURDER.—There is a party in Reno that saw the meeting of Strode, Thurman and the murdered sheep herder, Rich, but was so far distant that he and the companion with him could not recognize the parties or tell what they were doing. They heard the shot that sent Rich to his long home. They could see the sheep and the unfortunate herder and two mounted men. The owner of the sheep was in the habit of coming out and shooting a sheep occasionally, and they thought that that was the cause of the shooting. Since Haino's confession they never knew that Strodes and Thurman were committing a murder. Our informant says that Strodes and Scott Bob have been quarreling over the range for several years.

WHO HE WAS.—There has been much speculation as to who the man was who was killed while defending Vickers at the Shirk place. It seems that the man who gave his name as Stewart came into that country from Winnemucca in company with another man and stole two horses from John Davine on Quin river. They were overtaken and tried for the crime and one of them sent up one year and Stewart was turned loose in consequence of his youth. After he was liberated he took up with Vickers and lost his life in trying to defend him.

Entries to all trotting races will close September 1st, with the Secretary.

Five or more to enter and three or more to start in all races for purses.

National Trotting Association Rules to govern trotting races. Pacific Coast Blood Horse Association Rules to govern running races, except as above.

All trotting and pacing races are the best three in five, unless otherwise specified; five to enter and three to start. But the Board reserves the right to hold a less number than five to fill, by the withdrawal of a proportionate amount of the purse. Entrance fee, ten per cent. on purse, to accompany nomination.

National Trotting Association Rules to govern trotting; but the Board reserves the right to trot heats of any two classes alternately, if necessary to finish any day's racing, or to trot a special race between heats.

A horse making walk-over shall be entitled only to the entrance money paid in. When less than the required number of starters appear they may contest for the entrance money, to be divided as follows: 60% to the first and 40% to the second.

In all the foregoing stakes the declarations are void unless accompanied by the money.

Please observe that, in the above stakes, declarations are permitted for a small forfeit.

In all races entries not declared out by 6 P. M. of the day preceding the race shall be required to start.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the Tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.
